cristiandavid

Hello, my name is
Cristian David Paniagua

I am a software developer and graphic designer. Passionate about technology and visual art, I stand out for my creativity and ability to solve problems in innovative ways.

My capacity to learn and my skills have allowed me to contribute to successful projects. I am looking for opportunities to continue growing professionally and bring my experience to a dynamic team.

DESIGNER AND DEVELOPER
Freelancer / Medellín

Oct 2024 - May 2025
8 months

JR FULLSTACK DEVELOPER
Beunik / Envigado

I designed and developed adaptive, efficient user interfaces using Figma, React.js, Next.js, and Tailwind CSS, ensuring an optimal experience across devices through responsive design best practices. I implemented back-end functionalities with Node.js and managed databases in PostgreSQL, prioritizing data integrity and security. In addition, I applied advanced knowledge of TypeScript and Git to maintain high code quality, and integrated Material UI to achieve a modern, consistent, and professional aesthetic.

Aug 2019 - Apr 2020
9 months

WEB DESIGN SUPPORT
Taller de Edición / Medellín

I developed responsive websites in WordPress, customizing themes and functionalities according to project requirements. I also designed visual elements and vector graphics with Adobe Illustrator to enhance aesthetics and user experience, and coded web structures using HTML and CSS, optimizing cross-browser compatibility and mobile performance.

Feb 2017 - Jul 2019
2 years 6 months

GRAPHIC AND WEB DESIGNER
Ignus Agencia Digital / Medellín

I designed and developed responsive websites using HTML, CSS, and JavaScript, ensuring cross-browser and cross-device compatibility. I implemented e-commerce solutions and custom pages in WordPress, optimizing functionality and user experience. Furthermore, I created high-quality visual assets with Adobe Photoshop and Illustrator, and collaborated on multidisciplinary projects, contributing both programming and graphic design expertise to achieve visually appealing and functional results.

Jul 2016 - Feb 2017
8 months

GRAPHIC AND WEB DESIGNER
DWG Publicidad / Bello

I designed and developed attractive, functional websites using WordPress, applying knowledge of PHP, MySQL, HTML, and CSS. I created graphics and visual elements with Adobe Photoshop and Illustrator, strengthening brand identity and visual communication. Additionally, I laid out digital magazines and designed graphic pieces for social media, enhancing aesthetic consistency and user engagement.

Dec 2015 - Jun 2016
